- Questions & Answers

Welcome!

- Welcome to ESOAUG
 - We met three times in 2007 and hope to continue the trend of meeting
 - Planning for post OAUG meeting in mid-to-late June
- Introductions
 - Brief introduction of attendees
 - Who, what organization, and location?

Group Overview

- ESOAUG
 - Eastern States Oracle Applications Users Group
 - Affiliate of OAUG
- States included within our region
 - North Carolina
 - South Carolina
 - *Southern* Virginia
 - Kentucky
 - Tennessee

Group Overview

- What is a GEO?
 - Geo members reside within a defined geographical region and meet to facilitate networking among local and regional application users.
 - Members discuss and share ideas concerning many diverse topics.

Group Overview

- Our current volunteers
 - *Faun DeHenry, FMT Systems*
 - *Hal Hawisher, Baytree*
 - *Sam Merritt, Merricon Solutions*
 - *John Fahy*
 - *Jeff Cody, Globalknowledge*
 - *Bill Dunham, oatc*
- Our website
 - esoaug.oaug.org
 - Its up and running – check it out!

Group Overview

- Things we need to do...
 - Get more users involved!
 - Finalize our charter
 - Refine and finalize group bylaws
 - Determine rotating locations and facilities for meetings
 - Charlotte, Columbia, Richmond, Asheville, other suggestions?
 - Can your organization host us?
 - Refine our organization structure
 - Seek additional volunteers
 - Find more time!
 - Continue to keep meetings simple but informative!

Next Meeting?

- We would like to have at least two more meetings this year...
 - If you have suggestions for a location please see one of the ESOAUG team members.
 - Agendas to be determined
 - Always looking for members to present!
 - Plenty of vendors lined up and interested in presenting.
 - Thinking June 08, then again in the Fall, thoughts?
 - Oracle OpenWorld?

It's QUESTION TIME !!
